Les Tapas de Wallis et Futuna

La fille du roi de Tonga avait l'habitude d'aller se baigner et se reposer où vivait une anguille. Elles devinrent amies et bavardaient chaque jour. Un jour, mystérieusement, au contact de l'anguille, la fille du roi se retrouva enceinte. Le roi en fut très mécontent et rassembla les gens du village pour tuer la bête. La fille du roi courut à la rivière pour prévenir son amie.

L'anguille accepta son sort à condition que ce soit son amie qui la tue et qu'elle enterre sa tête devant la maison.

En larmes la jeune fille apporta son amie sur la place du village, la coupa en morceaux.

L'arbre apporta à la femme et des objets utilitaires. Le plus surprenant furent les yeux et la bouche de l'anguille indirectement à embrasser son amie.
